RSI Appoints Lularyde Moreno de Camacho as General Manager for Latin America

RSI today announced the appointment of Lularyde Moreno de Camacho to the role of General Manager Latin America. Lula has extensive geotechnical and management experience, most recently with CGG in Mexico. Lula will be based in RSI's regional center in Villahermosa, Mexico.

"We're very pleased to welcome Lula to RSI. We are seeing increased demand for RSI's services in this region, especially for our WISE® seismic, CSEM and well-integrated interpretation product," said Stan Warren, RSI's General Manager Americas. "Our appointment of Lula is a significant part of our response to this growth."

ABOUT [RSI](http://www.rocksolidimages.com):

RSI is an independent geoscience consulting firm offering quantitative reservoir characterization with the goal of reducing exploration drilling risk and optimizing reservoir appraisal and development plans. The Company is an industry leader in the interpretation and integration of seismic data with well log, CSEM and MT data, and uses advanced rock physics methods combined with sophisticated geologic models to deliver robust and reliable predictions of reservoir geometries and properties to our customers.
